A self-paced certification course on Walnut LMS

Online Counselling Course

Learn how online higher education works and how to guide a student to the right programme. Get certified at your own pace, then grow with Walnut as a partner, on your own schedule.

29 hours
of learning, at your own pace

21
modules, a case study, one final test

₹999
as listed on Walnut LMS

1
certificate anyone can verify

For students, homemakers, working professionals and counsellors. After certification, the opportunity to become a Walnut partner: potential earnings depend on individual performance; actual earnings are not guaranteed.

The Online Counselling Course

Learn the skills behind effective education counselling.

A self-paced certification for counsellors: guide a learner from first enquiry to an informed admission decision, using verified facts and needs-based counselling instead of a sales script. Beginner level — no prior counselling experience assumed.

Course fee on Walnut LMS

₹999

As listed on Walnut LMS in October 2026. Coupons, where offered, are applied at checkout on Walnut LMS. Lifetime access once enrolled.

21
modules in two parts, plus a case study and a final test

111
lessons: video, notes, module book, quiz, practice

29 hours
of learning, online, at your own pace

1
certificate with a number anyone can verify

What the course is about

- How online, distance and regular higher education differ, and the Four-Quadrant model
- Recognition, entitlement, accreditation and ranking — and how to verify a programme
- Programmes and their syllabus, explained in terms of the learner's goal
- Profiling a learner and identifying their needs before recommending anything
- Comparing universities fairly, fees, EMI options, admission steps and documents
- The counselling call, parent conversations, follow-up and compliance
- Finding students: the Course Finder, lead sources, WhatsApp ads and LinkedIn

Who it is for

Students
Gain real counselling experience around your studies.

Homemakers
Flexible hours, from home, when it suits you.

Working professionals
A new opportunity alongside your job.

Counsellors and consultants
Online programmes, leads and a course finder in your practice.

How every module is taught — in four parts

Quadrant I
e-Tutorial
A video lecture for each module, with full text notes beside it.

Quadrant II
e-Content
The module book to download or print, with key terms and case studies.

Quadrant III
Discussion
A forum for questions, guided by the course team. Opens soon.

Quadrant IV
Assessment
A self-check quiz and a practice activity per module, then the final test.

Walnut works with

Savitribai Phule Pune University
Pune, Maharashtra

Guru Ghasidas Vishwavidyalaya
Bilaspur, Chhattisgarh

Profi University

MIT Art, Design and Technology University
Pune, Maharashtra

Curriculum — as listed on Walnut LMS

21 modules in two parts, eight units, one case study, one final test.

Part A is the core course: seventeen modules in seven units and a case study that applies all of them to one university. Part B is compulsory too: four modules on finding students. Then the final test.

Part A — Core course

Unit 1 · Foundations
1 Online higher education fundamentals · 2 UGC, DEB, recognition and compliance · 3 Understanding university types

Unit 2 · Programme knowledge
4 Programme master training · 5 Syllabus-based counselling

Unit 3 · Understanding the learner
6 Student profiling and need analysis · 7 Career and working-professional counselling

Unit 4 · Universities and the LMS
8 Competitive university training · 9 University comparison training · 10 LMS practical training

Unit 5 · Fees and admission
11 Fees, EMI and financial counselling · 12 Admission and documentation

Unit 6 · The counselling conversation
13 Counselling call framework · 14 Parent counselling · 15 Communication and follow-up

Unit 7 · Cases and compliance
16 Competitive case studies · 17 Compliance and ethical counselling · The SPPU case study

Part B — Additional compulsory section

Unit 8 · Course Finder and lead generation
18 Using the Course Finder through the LMS · 19 The 100 lead sources · 20 WhatsApp ads · 21 LinkedIn lead sources

The final test

20 questions drawn at random from the question bank — multiple choice, scenario-based and true/false — in 10 minutes. Pass mark 14 out of 20, with all four compliance questions correct. It opens once Part A and Part B are complete; if you do not pass, you retake it with a fresh set of questions.

What you will be able to do

- Verify a programme's entitlement and tell recognition, accreditation and ranking apart
- Profile a learner and recommend a programme that fits their goal
- Compare universities on identical parameters and demonstrate the LMS
- Explain total fees, payment options, admission steps and documents
- Run a structured counselling call, including parent conversations
- Build a shortlist with the Course Finder and work leads within policy

Inside every module

1	1	1	1	1
video lecture, with full text notes beside it	set of reading notes beside the video	module book (PDF) to download or print	self-check quiz, not scored	practice activity or practical task

Each module has a video lecture, reading notes, the module book and a practice activity; the 21 modules, the case study and the final test come to 111 lessons and about 29 hours of study in all.

What you get in the course

Everything you need to counsel with confidence — and a certificate to show for it.

Four-part modules

A video lecture, reading notes, the module book and a self-check with a practice activity — for every one of the 21 modules.

Learn at your own pace

About 29 hours of learning on Walnut LMS, online, with lifetime access to the course once you enrol.

A certificate you can verify

Complete both parts and pass the final test to receive the certificate, with a number anyone can check on walnutdatatech.com.

Trained on the Course Finder

Module 18 teaches the University Course Finder through the LMS, so you can build a shortlist for any learner.

Finding students, within policy

The 100 lead sources, WhatsApp ads and LinkedIn: how to build a steady, honest pipeline of enquiries.

Compliance first

What must never be invented, guaranteed or shared. The final test fails anyone who gets a compliance question wrong.

A specimen. Yours carries your name, the date of issue and a certificate number anyone can verify at walnutdatatech.com/verify-certificate.

Your certificate

Certified Online Programme Counsellor – Foundation

Issued by Walnut DataTech Private Limited when all three conditions are met:

- Part A complete: all 17 modules and the SPPU case study, with each practice activity
- Part B complete: modules 18 to 21 and their four practical tasks
- Final test passed: 14 or more out of 20, all four compliance questions correct

After certification — a new earning opportunity

Become a certified Walnut partner.

Partnership is what the certificate opens. Once you have completed the course and passed the final test, you can register as a Walnut partner. Once approved, partners use the University Course Finder and put their skills to work on their own schedule — and earn on their performance. Student leads from Walnut Leads need only a free Walnut account.

Potential to earn

₹50,000 – ₹1,00,000

per month*

*Potential earnings depend on individual performance. Actual earnings are not guaranteed.

Flexible schedule

Work on your own terms, around your studies, your home or your job.

Performance-based earnings

What you earn follows what you achieve, not the hours you log.

Work from anywhere

The course, the leads and the Course Finder all run online.

For students, homemakers and professionals

Gain experience, find flexibility or explore a new opportunity.

From enrolment to earning

1. **Enrol** — Enrol on Walnut LMS and work through the 21 modules at your own pace.
2. **Get certified** — Complete both parts and pass the final test to receive your certificate.
3. **Register** — With your certificate, register as a Walnut partner. Our team reviews every registration.
4. **Get approved** — Course Finder opens once Walnut approves you — never automatically.
5. **Counsel and earn** — Buy leads, counsel students with accurate facts and follow their admissions through.

What registration asks

- Your name, email address and mobile number
- Individual or organisation; the organisation's name and type
- The city and state you work in, and the areas you cover
- Your experience in counselling or admissions, and the students you can reach in a year
- What you want to work on: degree programmes, short courses, referring universities

Open to certified learners

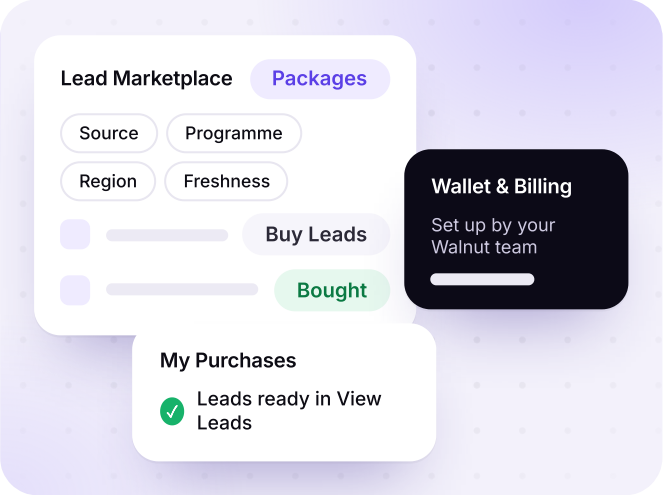

Registration comes after the certificate

Partner registration is not open from this brochure or the course page. Complete the course, pass the final test, and Walnut tells certified learners how to register. Approval is a decision by Walnut on each application; earnings are performance-based and not guaranteed.

Walnut Leads

Student-enquiry leads to buy, and yours as soon as you do.

Walnut Leads, at market.walnutdatatech.com, is Walnut's marketplace for student-enquiry leads. Anyone can create a free Walnut account and sign up to it.

Illustrative preview of the Lead Marketplace — not live data.

Illustrative preview of your leads in Walnut Leads — not live data.

The Lead Marketplace

- Packages by lead source, programme, region and freshness
- Every package shows where its leads come from, the programme, the region and how recent they are
- Each package has its own minimum purchase
- The leads come from Course Finder, collected with the student's consent to be contacted
- Each lead is sold to one buyer only and never resold

Your leads

- Leads are yours as soon as you buy: in the app or as a CSV
- View Leads: search, filter and export the leads you've bought
- My Purchases: every package you've bought, in one list
- Lead Reports on the leads you've bought
- Wallet & Billing: your balance and what you've spent
- The calls, the counselling and the follow-up are yours to run

How buying works

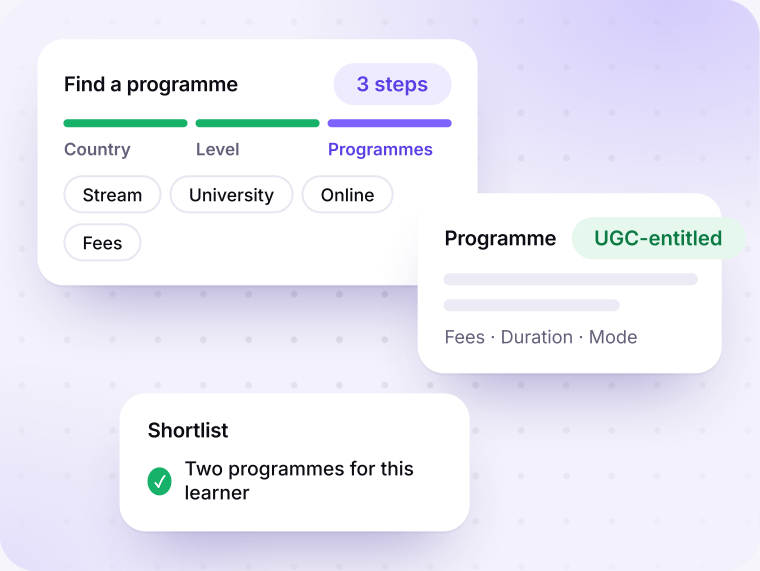

Your Walnut team sets up your wallet; you then buy leads from it, paying per lead. There is no online payment, and prices and availability are shown in Walnut Leads itself. A problem with a purchase? Tell us through Help & feedback; approved refunds are credited back to your wallet.

What you get as a partner

Find the right course for every student.

The University Course Finder at coursefinder.walnutdatatech.com: search and compare university programmes using structured course information, to counsel from facts.

- Start from the country, then the programme level
- Refine by stream or by university
- Programme details and fees, where the university provides them
- Walnut-exclusive universities: UGC-entitled online degrees and MBBS abroad
- Build a shortlist for a learner, as the course teaches
- Opens on your Walnut account once your partner application is approved

Counselling follow-up
To an informed admission

One account

One Walnut sign-in

The website, Walnut LMS, Walnut Leads and Course Finder all open with the same Walnut account, signed into with a one-time code.

From the course

Taught through the LMS

Module 18 shows how to use the Course Finder through the LMS; Unit 4 trains comparing universities on the same ten parameters.

Walnut exclusive

Universities where Walnut is the admission partner

Course Finder marks the universities where Walnut is the exclusive admission partner: UGC-entitled online degrees and MBBS abroad.

Your next opportunity starts with Walnut.

Enrol today. Get certified. Then grow with Walnut.

Whether you're a student looking to gain experience, a homemaker seeking flexibility, or a working professional exploring new opportunities, take the next step towards your goals. Scan a code, or type the address.

Step one

Enrol in the course

Open the course on Walnut LMS, see the current fee and enrol. Learn at your own pace and pass the final test to be certified.

Online Counselling Course
Walnut LMS

Then

Become a Walnut partner

With your certificate in hand, register as a Walnut partner; once Walnut approves you, the Course Finder opens to you. Walnut Leads, where you buy student leads, is open to anyone with a free Walnut account.

Registration is open to certified learners only. Earnings are performance-based. Potential earnings depend on individual performance; actual earnings are not guaranteed.

Everything about the course
walnutdatatech.com
walnutdatatech.com/online-counselling/

Common questions

Who can enrol?

Anyone with a Walnut account. Beginner level; no prior counselling experience assumed.

Common questions

Is approval required?

For partner registration and Course Finder, yes; nothing is granted automatically. Anyone can sign up to Walnut Leads with a free Walnut account.

Common questions

How do I become a partner?

Complete the course and pass the final test. Partnership is an opportunity for certified learners; Walnut tells you how to register once you are certified.
